EXPERIENCE

Lakeside Charter Academy

March 2021-August 2021

I was the math teacher for the entire middle school. I taught lessons for grades sixth, seventh, and eighth. During this time I created lesson plans, projects, and activities to facilitate learning. I taught in person as well as virtually. Every lesson had to be accessible to virtual students and support in-person learning. I had to manage group learning while helping out students individually who needed it.

Reformed University Fellowship, Charlotte, NC— RUF Intern

June 2018 - June 2020

As an RUF Intern I met with students one on one, organized events, led our weekly meeting, took care of administrative aspects, followed a rigorous study program, and support-raised my entire salary and more.

Josiah Venture, Latvia— Intern Leader

May 2016 - August 2016, May 2017 - August 2017

I led and managed a group of college students in a foreign country. I organized transportation, translated, delegated, created programs and team building activities, as well as cared for my interns physical and emotional well-being. I helped to organize and run camps all over the country.

ACADEMIC INTERESTS

Child neglect and abuse

Specifically looking at child sexual abuse. I am interested in risk factors along with characteristics of the abuse. I am also interested in how they respond and feel about the abuse after the fact.

Rehabilitation and Reentry

Specifically how sex offenders reenter society and their rates of recidivism. I am also interested in rehabilitative studies for pedophiles both before experiencing the justice system and after.

EDUCATION
