MICHAEL C. CANIGLIA

Department of Sociology and Criminology
The Pennsylvania State University
514 Oswald Tower, University Park, PA 16802
mcc5832@psu.edu

EDUCATION

Ph.D.	The Pennsylvania State University, Sociology and Demography Committee: Molly Martin (Chair), Steven Haas, John Iceland, and Leif Jensen	Expected May 2025

Dissertation: "Three Essays on Material and Medical Hardships across the Metropolitan and Nonmetropolitan U.S."

M.A.	The Pennsylvania State University, Sociology and Demography	May 2022

Thesis: "Work, Public Assistance, and the Transition to Adulthood Among Children Maltreated During Early Adolescence"

M.P.A.	University of Wisconsin-Madison, Master of Public Affairs	May 2020
B.A.	Bowling Green State University, Political Science and Minor in Economics, *Phi Beta Kappa, Summa Cum Laude*	May 2018

RESEARCH INTERESTS

Population health, poverty, transition to adulthood, and public policy

RESEARCH EXPERIENCE

Penn State, Graduate Student Research Assistant: August 2020 – Present
- Employed multilevel modeling to identify patterns of multimorbidity among older adults across cohorts using cross-national surveys on aging.
- Collaborated with multi-university research team to develop appropriate analytic approaches.

- Utilized statewide administrative data records to evaluate economic outcomes among young people with experience in foster care.
- Cleaned data, prepared descriptive statistics, executed models, conducted literature reviews and edited manuscripts.

Penn State, NIH T32 Trainee in Social Environments and Population Health: August 2022 – July 2024
- Created research program analyzing the association between disconnection from both school and work during the transition to adulthood and later health outcomes, including diabetes and depression.
- Utilized biomarker data from the National Longitudinal Study of Adolescent to Adult Health (Add Health)
- Presented findings to dozens of researchers at the Population Association of America (2023 and 2024) and Interdisciplinary Association for Population Health Science (2023) conferences.

University of Wisconsin-Madison, Project Assistant to Dr. Jason Fletcher: September 2019 – May 2020

BGSU Center for Regional Development, Undergraduate Research Assistant: September 2017 – July 2018

PROFESSIONAL EXPERIENCE

Coalition on Homelessness and Housing in Ohio, Research Consultant: April – July 2020   Columbus, Ohio

Wisconsin Legislative Audit Bureau, Program Evaluation Intern: May – August 2019   Madison, Wisconsin

Coalition on Homelessness and Housing in Ohio, Policy Intern: May 2017 – August 2017   Columbus, Ohio

HONORS AND FELLOWSHIPS

T-32 Predoctoral Traineeship in Social Environments and Population Health, Eunice Kennedy Shriver National Institute of Child Health and Human Development: August 2022 – July 2024

Honorable Mention, Penn State Sociology Graduate Student Working Paper Competition: April 2022
          (Awarded for "Work, Public Assistance, and the Transition to Adulthood Among Children Maltreated During Early Adolescence")

Graduate Student Fellow, UW-Madison La Follette School of Public Affairs: September 2018 – May 2020

BGSU Top Outstanding Senior Award: April 2018

BGSU Outstanding Community Service Award: April 2018

BGSU Alumni Laureate Scholar: September 2014 – May 2018

LEADERSHIP AND SERVICE

Penn State Sociology Graduate Student Paper Award Committee, Reviewer: April 2021, April 2024

Penn State Department of Sociology and Criminology Social Events Committee, Member: Sept. 2022-April 2023

Penn State Demography Student Methods Workshop Committee, Member: September 2021 – May 2023
- Co-chair for May 2023 event
- Organized conference on quasi-experimental research designs by selecting theme, coordinating external and internal speakers, and promoting the event to students and faculty

PAA Poster Review Committee, Reviewer: December 2021

UW-Madison La Follette School of Public Affairs Strategic Planning Board, Member: September – October 2019

SKILLS

- Quantitative data analysis; Qualitative and mixed methods research; Multilevel modeling; Group-based trajectory modeling; Multivariate regression analysis; Event history analysis.
- Familiar with administrative datasets, the National Longitudinal Study of Adolescent to Adult Health (Add Health), and the Survey of Income and Program Participation (SIPP)
- Software – Python (Beginner); Stata (Advanced); Microsoft Excel, PowerPoint, and Word (Advanced).
